Test Instructions:

A Slice of Business Planning (Katz) Your friend Landon is looking to start a pizzeria, but he needs help with his business plan. Can you assist him in drafting an effective plan based on his needs? His restaurant's success will most likely depend on it! Instructor Instructions: Please complete the mini simulation A Slice Business Planning.

A Slice of Business Planning:

Activity Description

Your friend Landon is looking to start up a pizzeria, but he has no idea how to write a business plan. As a businessperson extraordinaire, can you help him develop an effective business plan so he can kick off his restaurant? Showcasing some gourmet pizza will depend on it!

The estimated time to complete the activity is 10 to 15 minutes. You should start when you have enough time to critically think through the scenario. However, if you need to exit the activity before completion, you will return to where you left off when you re-enter.

Learning Objectives
After completing the activity, you will be able to:

- Understand business plans.
- Develop an effective business plan.

Evaluation and Scoring
You will be asked to respond to a variety of questions as you complete the activity, and your responses may impact both your score and what happens next.

You will not have the ability to go back and change your answer, so consider each answer option carefully.

Scoring is calculated as follows:
1. Points are received based on the answer you select for each question, and questions may be tied to multiple scoring categories associated with the learning objectives.
2. Your scores for each category are based on the total number of points you earn for the associated questions.
3. You will receive one final activity score at the end of the activity that combines your results from each category, if there are multiple ones.

Your instructor has assigned a total point value for this assignment. Your assignment grade is calculated based on the final percentage score you earn at the end of the activity.

Narrator:
Welcome to the simulation! You've arrived at a café to discuss a business idea your friend Landon has. I'll be your narrator and will transition in and out to assist you in completing the activity.
There's Landon sitting in front of his laptop, let's go have a chat!

Landon:
Hey, Duvine Beebe, thanks for meeting with me! I know you are a businessperson extraordinaire, and I was hoping you would help me think through a business plan for my new idea for a pizzeria.

I may have mentioned before, but I have enough funds saved up to open up the joint, including some reserves for a couple months. I'm just struggling to organize my thoughts and strategy.

Based on my circumstances, why do you think I'll need a business plan?

Question 1:

A. An external understanding.
B. An internal understanding

Personal directions that need to be implemented:

Use Chapter parts 1-8’s information to complete the test every single step by every single step. Without one error or mistake.

Here is a recent article l've written: https://diggitymarketing.com/case-study-programmatic-seo/ Analyze my tone, how I form sentences and paragraphs, the level of detail I use in explanations, the amount of humor l use, how often I ask the reader questions, the readability level I use, the vocabulary l use, and the level of emotion I convey in my writing. Ensure that the new content strictly adheres to the author's writing style in terms of tone, structure, and approach as identified in the analysis. Also, ChatGPT, here's a personal opinion that will shape how you write your content: I don't believe that Google can understand content. I think it looks at your content mathematically and compares it to the top-ranking articles to determine if should rank high or not. Don't always use the most natural words. Use the following words fewer than 3 times on this page: unique, ensure, utmost. Before outputting the content, review it for the following words and rewrite those sentences with appropriate alternatives: meticulous, meticulously,
